

# BOVIFERM PLUS

Supplementary feed

DATA  
SHEET

## USES

Supplementary feeding stuff for the diarrheic calf. Boviferm Plus solution is suitable to be fed with milk. For rapid rehydration and acidosis correction.

## BENEFITS

- High rehydration properties and Strong Ion Difference (SID)
- Can be mixed with milk
- Calf can remain on milk feed
- Contains Oralin, a microbial additive that stabilises the gut flora

LIST No	UNIT PACKAGE	CASE SIZE

# BOVIFERM PLUS

## Supplementary feed

### PRESENTATION

Supplementary feed for calves with diarrhoea.

For the stabilisation of water and electrolyte balance.

Compatible with milk digestion Boviferm® Plus<sup>SD</sup> provides the calf with electrolytes, buffering agents, energy, lactic acid bacteria, mucins and bulking agents as well as toxin binding substances, for rehydration.

### COMPOSITION

Dextrose; Whey powder; Sodium propionate,  
Sodium chloride; Potassium chloride;  
Banana flakes; Pre-gelatinised rice flour;  
Calcium chloride; Magnesium chloride.

### CONTENTS

Crude protein 4.0%; Crude fibre 1.4%; Crude fat 0.5%; Crude ash 21.0%; Sodium 4.4%; Potassium 1.7%; Chlorides 3.8%; moisture 6.0%.

### ADDITIVES PER KG.

Bentonite Montmorillonite; Guar seed flour;  
Citrus pectin; Camomile; Aniseed;  
Fennel seed; Enterococcus faecium DSM  
10663 NCIMB 10415  
(E 1707) (ORALIN®) 1.75 x 10<sup>10</sup> CFU

### FEEDING INSTRUCTIONS

In case of risk of, during periods of, or recovery from digestive disturbance (diarrhoea):

Twice per day: Give 1 sachet (115 gm) of Boviferm® Plus<sup>SD</sup> mixed into 2 litres of water and add 0.5 to 4 litres of milk or milk replacer (according to the calf's daily requirement).

Administer Boviferm® Plus<sup>SD</sup> until diarrhoea stops, at minimum for 2 to 3 days. Do not stop milk feeding. Additionally give water ad libitum.

It is recommended that a veterinarian's opinion be sought before use.

### SPECIAL INSTRUCTIONS

As Boviferm® Plus<sup>SD</sup> contains viable lactic acid bacteria, the mixing temperature should not exceed 50°C.

### STABILITY

24 months

### STORAGE

Cool and dry

### PACK SIZE

Box of 24 x 115 g
